Final Project: Sentiment Analysis

Paul Kahlmeyer, Maurice Wenig

Friedrich-Schiller-Universität Jena

"had an ok night last night..finally got internet n cable! lol (im excited)..now off to the gym"

$\rightarrow$ positive/negative?

- Embedding: Tweet $\rightarrow \mathbb{R}^d$
- Classificator: $\mathbb{R}^d \rightarrow \{0, 1\}$

- ▶ Word embeddings: Context free
- ▶ Sentence embeddings: e.g. Transformers
- ▶ You can use pretrained embeddings!

- ▶ Binary Classification
- ▶ What kind of classificators do we know?

- ▶ Data + Labels: Crossvalidation
- ▶ Data without labels: Leaderboard

- **At most 7 pages** PDF + code
- Appendix = extra document, no restriction
- Preferrably LaTeX, documentclass article, 10pt. (default)
- Language: English/German

- Datasets
- Literature
- Website
